Firas Ezra

UI/UX Designer & Product Thinker (with Front-End Engineering Competence)

Jakarta, Indonesia • +62 812 1316 6034 • firasezraep@gmail.com • linkedin.com/in/firasezra • firasezra.com

SUMMARY

UI/UX & Product Designer currently pursuing Master of Information Systems Management at Bina Nusantara University. Combines deep human-centered user research with front-end technical feasibility (Next.js, TypeScript, Tailwind CSS). Proven background spearheading enterprise analytics portals at Kadence International and designing intuitive mobile experiences.

PROFESSIONAL EXPERIENCE

Kadence International **Feb 2024 – Jul 2024**
Lead UI/UX Designer Intern • Market Research Operations *Jakarta, Indonesia*

- Spearheaded end-to-end UX redesign of internal market research analytics portal, reducing cross-market report generation time by **+38%**.
- Conducted 8 contextual inquiries with research directors to restructure 14 disconnected menus into an intuitive 3-pillar information architecture.
- Elevated System Usability Scale (SUS) score from 58 (Grade F) to **84.5 (Grade A)**.
- Authored tokenized component specifications in Figma, reducing front-end development handoff friction by 50%.

SAMPERIN Campus Logistics **Aug 2023 – Dec 2023**
Lead Product & UI/UX Designer *Jakarta, Indonesia*

- Architected peer-to-peer campus delivery mobile application, achieving an **89.2% task completion rate** during Maze usability trials.
- Streamlined order checkout from 7 fragmented screens into a 3-step rapid flow, lowering average time-to-order from 140s to **42s**.
- Devised campus landmark selector with photo attachments to resolve deliveries in multi-story university facilities.

Lord Goods **Oct 2021 – Dec 2023**
Founder & Creative Lead *Jakarta, Indonesia*

- Managed visual branding, e-commerce storefront UI, and customer journey touchpoints for apparel business.

EDUCATION

Bina Nusantara (Binus) University **2021 – Present**
Master of Information Systems Management (M.Kom) *Jakarta, Indonesia*
